

Tenable Charitable Organization ProfessionalFeed Program

Tenable Network Security understands that there are those in the Nessus community that serve broad social objectives and we want to make certain that qualified charitable organizations have access to the ProfessionalFeed free of charge. To this end, Tenable will provide ProfessionalFeed subscriptions to charitable organizations at no cost for those that qualify.

In the United States, you must be a 501(c)(3) organization to qualify. If you are outside the United States, you must be categorized as a charity and provide substantiation of that status within your country's tax laws and regulations.
